your risk. **Your life is worth it!***

KING'S DAUGHTERS
MEDICAL CENTER

There is strength in numbers.

Do you know yours?

King's Daughters Medical Center is committed to reducing heart disease in Mississippi and our Heart Healthy Program is one way we are helping people know if they are at risk for heart and vascular disease or heart attack.

\$100 Heart Healthy Screening

- HeartSaver CT Scan—Calcium Score
- Lipid Panel: Total Cholesterol, HDL, LDL, Triglycerides and Glucose
- Electrocardiogram (ECG)
- Peripheral Vascular Assessment
- Stroke Risk Assessment
- Blood Pressure Evaluation
- Body Composition Assessment: Body Mass Index (BMI)
- Nutritional Counseling
- A Consult with a Cardiac Nurse

For even the seemingly healthy individual, this could be the smartest investment you make. Our team delivers care with a true passion for your health.

According to the **American Heart Association**

- Cardiovascular disease claims one life every 39 seconds
- If your parent or sibling has been diagnosed with coronary heart or vascular disease, it doubles your chances of the same diagnosis
- Every year, heart disease kills more people than cancer or HIV
